   6. Budget Allotments
      1. We don’t know how much these allotments (decreases) will affect PSU. The total is $2 million for all regents’ institutions. This cut puts us back to the 2006 level and we cannot go below that without having to return stimulus funds.
   7. Budget Forum
      1. This will be held this Thursday. Mr. Patterson will make announcement on budget allocation changes.
   8. Academic Calendar Changes
      1. 74 days in the spring, 74 days in the fall – voted on by Faculty Senate. This could possibly begin in WF 2011.
   9. Grubbs Hall Incident
      1. Discussion on how to handle student illness. Dr. Dearth suggested that if this should happen to someone in Kelce that 911 be called and request that EMS respond. If the student can walk, the student health center will treat them.
   10. New Library Database for Business – 24X7
      1. This new data base has been acquired by the library. We will find out more about it in January when it begins operating. It may benefit students and faculty in research, etc.

   a. MGMKT - none
   b. CSIS - none
   c. ACCTG - none
   d. ECON – Deb may be retiring in April or May

3. Discussion items
   a. Math 153
      1. Dr. Dearth has spoken with Dr. Steve Meats about problems involved with the MATH 153 course.
      2. Dr. Meats is willing to meet with the MATH department Chair/faculty to see if there is something that he can do to change "attitudes".
      3. Dr. Dearth wanted a discussion with Kelce Chairs before Dr. Meats does anything.
         1. Discussion followed on potential resolutions/alternatives to the problem.
         2. Could potentially stop requiring the MATH 153 course for students working toward a BBA degree. Would need to teach the content of the MATH course in the College of Business, possibly in Operations and Quant.
         3. Kelce faculty owns the curriculum and is ultimately in charge of what courses are taught.
      4. Proposal to eliminate MATH 153 will be made up by Dr. Harris and the Quant instructors and taken to the Kelce Curriculum Committee, and then presented to the faculty. Content of the course will be assumed to be absorbed in Operations and Quantitative Decision Making. Part of the proposal will be to add a writing course to the curriculum – possibly a 100 level Business Communications course.
   b. Live Text
      1. Ida Asner will probably not make it to the Dec. 11 meeting, but will meet in January. Assessment committee may need to meet to discuss rubrics.
   c. Search for positions – Henry Crouch
      1. Position can now be advertised possibly as a quant/decision sciences position. Search process will begin.
   d. Discussion regarding the elimination of the CS Degree and related issues.
      1. There is a meeting scheduled for 12/7 with the Provost (Dr. Dearth, Ms. Casey and Dr. Dreher, etc.) to determine how to go through the process of eliminating the computer science degree. The CS major will be serviced at PSU through the COB until the end of AY 2013.
      2. The College of Technology has no interest in absorbing the CS courses at this point.
      3. The Provost will be concerned with how to service the remaining CS majors and if the department needs to remain intact until the end of AY 2013.
         1. Preferred option for faculty is to move CS and IS faculty to the department of Accounting.
         2. Principle issue to be looked at in the meeting on Dec. 7 will be the department structure.
   e. AQ-PQ Issues – White Paper was distributed to Chairs for informational purposes
      1. Discussion followed on what process should be followed to re-establish the standards – redefine AQ-PQ.
         1. Should an ad hoc committee be formed, or should each department come up with input on who should be determined to be AQ or PQ?
            a. Suggestion was made to establish an ad hoc committee which would include the chairs and senior faculty and instructors.
            b. Dr. Dearth needs names of two faculty (1 senior faculty and 1 instructor) from each department and will make the charge to
the newly formed committees (1 for AQ and 1 for PQ) to redefine the standards.
  i. Nominees are: Ms. Polfer, Dr. Heath, Dr. Baack, Ms. Wachter, Mr. Strong, Dr. J. Harris, Mr. McKinnis, Dr. Bracker
