VIII. Concerns – Provost Lynette Olson
1. Dr. Olson discussed confidential personnel issues with Kelce faculty & staff.

IX. Dean’s College Update
A. Is Reaccreditation Behind Us?
   1. No, AACSB accreditation is a culture. It should be reflected continuously in all that we do.
   2. Keep your Digital Measures information updated
   3. Continue with course assessment and AOL activities
   4. Maintain your faculty qualification
   5. Remain engaged
B. Our Long-Run Plan
   1. Three of the six steps were completed prior to our reaffirmation:
a. New college governance documents and committee structure
c. New Operating Policies – Faculty Sufficiency and Faculty Qualifications

2. Three of the six steps are yet to be completed and need our attention:
   a. Development and adoption of new college strategic plan
   b. Review and redesign of college curriculum (BBA and MBA)
   c. Construct a new Assurance of Learning model

C. Current Leadership Issues
   - Events over the summer sidetracked our plans to hold a KLT Retreat for strategic planning.
   - Due to possible improprieties in the administration of international exchange students, Dr. Harris will continue serving as Interim MBA Director.
   - Even though this is an unpleasant situation for all of us, it does provide an opportunity to re-evaluate the MBA program, its policies and procedures, and its role within the Kelce College.
   - Will start with a meeting of the “MBA Faculty” tomorrow.
     o A 360° Degree Review
     o Restructure the MBA Program Advisory Council

D. MBA Concerns
   Several issues have become apparent:
   - Admission Process
     o Most students are “Conditional Admission”
     o GMAT requirement not following catalog
   - “Foundation Courses”
     o As structured, are part of program instead of being treated as “prerequisites” for admission
     o Makes program appear overly long, costs students graduate tuition, restricts admission opportunities
   - What is the right mix of MBA students?
     o Domestic vs. International
     o Returning Adults vs. “Fifth Year Students”
   - Should we offer program off-site and/or via distance?
     o Joplin Market Opportunity
     o Competition
   - “Emphasis” vs. “Concentration” – what’s the difference?
     o Would we be better served by adding specialized master degrees in specific fields? (e.g. MAC)
     o Concerns with the “General Administration” emphasis label
   - Recommendations for MBA reform to be presented at next college-wide faculty meeting (late fall or early spring)
   - Development of structural reforms to parallel and reflect strategic planning themes

E. Strategic Planning Process
   a. Using our work from last year, the KLT will draft broad goals and objectives to be consistent with new university-wide plan
   b. KLT’s draft plan will be presented to SPC for refinement and enhancement
   c. Plan to be distributed to Kelce Faculty and Staff for discussion and revisions
   d. Kelce General Faculty will hold vote on adoption of the final plan
   e. Our new plan should inform:
      - Our capital campaign goal of investment in new physical facilities. What infrastructure is needed to reach our goals?
      - What our curriculum looks like. Are we meeting our students’ needs and satisfying the demands of our employers?

F. Curriculum Revision
a. Optimally, curriculum revision should flow from strategic plan. However, the time-intensive nature of the development, legislation, and implementation processes suggest that we should go ahead and get started right away with discussing the major issues and concerns that have been raised.
b. What are these?
   i. Curriculum Revision
      - BBA
      - Enhancement of business communications and other soft skills.
      - A need for a cross-functional “general business” degree option – multidisciplinary for the small business market.
      - Is our Kelce Core (aka “Common Body of Knowledge”) up-to-date? Relevant for all disciplinary majors?
      - Curriculum Revision
      - Need to enhance transcript reporting with respect to curriculum content:
      - Modernize course titles
      - Break out discipline course codes to reflect content (e.g. MGMKT should be MGT and MKT)
      - Provide some structure to course numbering
      - Enhance flexibility with more split-level course offerings (“dual numbered”)  
   ii. Organizational
      - The planning process will also address the college’s organizational structure. Some issues to be considered:
        - GROWTH: How big do we want to be?
        - Better balanced departmental numbers
        - Administrative “home” of MBA program
        - MBA Director vs. Associate Dean
        - Department names

G. College Committees
   Kelce College Standing Committees for 2014-15
   - Faculty assignments reflected in handout and always available through “Official Documents webpage.
   - Committees need to self-organize and elect a chair. Report to Dean’s Office prior to Labor Day.
   - KLT will issue a committee charge to each group early in the semester.

X. Old Business - none

XI. New Business - none

XII. Adjournment – 2:40 pm
