   2. Division planning – Unit Level Plans due 11/1/09
      1. There was lengthy discussion in PLC about Unit Level Planning reports
      2. For now all units are required to do unit level plans even though this process is currently under review. There is some uncertainty about what dates are to be covered in this report. Kelce Departments will create reports this year for FY 2010.
      3. Dr. Dearth has to have the department plans in order to create the college plan.
      4. Chairs are asked to submit their department unit plans before Nov. 1 to the Dean.
   3. Inclement Weather Policy
      1. Currently the policy is that the university is not ever closed. Administrators and staff people are currently required to be at work when classes are closed.
      2. The President now wishes to be the only person making the decision on whether the university is open or not if there is inclement weather. Non-essential employees will earn inclement weather leave and essential employees will be expected to be at work. The issue for the colleges will be in determining which employees are essential.
      3. Dr. Dearth asked for input from chairs and faculty on the proposed inclement weather policy.
   c. Legislative Post Audit Task Force
      1. Asking for more academic representatives for this task force. Ms. Casey is currently the representative for the College of Business.
   d. Program Review
      1. Dr. Dearth sent out a petition/resolution composed by Dr. Harry Humphries for Chairs to review. He wishes to have some oversight on the part of faculty senate over program review. Debates will continue at PSU on the process even though Program Review is a process set up by the Board of Regents.
