TWO-WEEK STUDY ABROAD TRIP TO KOREA

(2016 PSU Delegation Visit to Korea)

Faculty, staff and students at Pittsburg State University have a unique opportunity to visit Korea from May 8-21, 2016 for two weeks. After successful trips to Korea in the last nineteen years (1997 - 2015), we are organizing another study abroad trip to Korea for 2016, but with more exciting field trips and more fantastic excursions. Our three sister schools in Korea have already graciously offered to host a delegation from PSU this coming summer, again. They will provide lectures on Korean history, culture, economy, and business environment, etc. In addition, field trips, sightseeing tours, and other interesting arrangements of cultural activities will be made by our sister schools.

Scholarships are available to PSU students who are qualified to assist with travel expenses. The scholarships will be awarded after applications are submitted to the PSU Study Abroad Committee through the Korean Delegation Planning Committee. A three credit hour course established for the trip is required, either MGMKT 601: International Experience for Undergraduates or MGMKT 821: Topics in Business for Graduates, to get a scholarship from the PSU Study Abroad Fund. Since this is a regular summer course program, students may apply for **loans available** through the Office of Student Financial Assistance.

The cost of the two-week trip will be unbelievably reasonable since our hosts will provide most of local transportation, meals, and accommodations with financial support. Although an accurate cost for the trip will be available at a later date, it is expected that the cost will be in the range of \$2,800 per person. ***(If you receive a scholarship and financial support from PSU, your final cost should be reduced significantly to about in the range of \$2,450 only!)***
